The Association for Early Learning Leaders (AELL) is a national organization that believes quality early care and education programs begin with strong leadership. We recognize that administering these programs poses daily challenges. We pride ourselves on providing the resources YOU need to be efficient, successful directors, owners and administrators of early learning centers.

Upon becoming a toolkit subscriber, you are provided with tailored benefits that support your leadership role in areas such as human resources, budgeting, family engagement, quality curriculum, legal insights, and staff development.

We Understand..Running a Center is Complicated!

Between the health codes, licensing regulations, updates in curriculum , and the ever changing environmental rules and latest developments in our industry - you often wonder when will you have time to run your business?

The New Jersey Child Care Association has been in your corner for more than 25 years, ensuring that the interests of private community providers have been represented before state and local policy-makers.

We also have brought you cutting edge training provided by speakers who understand what you experience each day thus enabling you to provide the best early childhood education program in your community.

Preaching the RIGHT way

7 Reasons to Join NJCCA:

1. The Ability to unite against public partnerships aimed at putting private centers out of business.
2. A Platform to express the concerns of the future of the early care environment in NJ.
3. A Method to receive current information pertaining to state laws and licensing regulations.
4. Help to strengthen your centers ability to appeal to your customer.
5. Assistance in finding, training and keeping your staff.
6. Participate in a statewide network of business partners and early care and education resources.
7. Membership in a community that will permit you to take care of and nurture yourself.
